With the warmer temperatures, it looks like the worst of the cold weather is behind us. Well, we can only hope. I remember a time when I went to a play in early April some years ago and it was in the 80s but when we came out it was snowing. You just never know. At least with the rain this time of the year it wakes up the grass, trees and flowers and they can get busy and send us green things that we can enjoy. This is my favorite time of the year when everything is starting new and is full of promise.

SOCIAL HALLS

There are so many events coming up like Prom, graduations, weddings, craft fairs, birthday parties, all kinds of reasons for people to get together and celebrate. We can write those social halls where the events are held. United can write the building, business personal property such as chairs, tables and kitchen equipment, and the liability. If alcohol is served at the events, the person renting the facility would

need to provide the alcohol and a licensed person to serve it. We need a copy of the contract that the renters must sign along with the regular Acord apps and a Social Hall questionnaire that I can send you. Did you know that the Acord apps on our website are fillable so you can enter the information quickly, print them and send them on to me to quote. The Quick Link to our website to the left is active, just click on it and take a look.

AMATEUR BASEBALL, SOFTBALL & T-BALL ACCIDENT

With the arrival of Spring, the youth baseball teams are getting started. We write the Accident insurance with Nationwide Life. The policy provides Medical Expense for the players, managers, coaches, officers, and official volunteers. The coverage applies to practice, games, travel to or from practice and games, fundraising drives, trips, parades, even concession stand operations. You can choose the Primary or Excess plan. The brochure with explanation of coverages, rates and the application are on our website or give me a call.

MOTORCYCLES

Most of you know that we write our motorcycles with American Modern Home. They will write most types including off-road ATVs, scooters, golf carts, cruiser class, and Harley Davidson Sportsters. They will write full coverage or a liability only policy. Discounts offered include transfer, homeowner, safety course, multiple units and loss-free renewals. Liability limits up to \$250/500 are offered as well as replacement cost for bikes 2 years or newer. These are easy to rate in ModernLINK or give me a call. The paper app is on our website so you will know what questions to ask.
