I am so glad to be able to say Spring is FINALLY here! Even before Daylight Savings Time, the days were getting longer and we were leaving work with the sun still up. I hated getting up in the dark and going home in the dark. Now the grass is getting greener and some flowers are starting to bloom. I'm actually eager to start mowing the grass, although it won't take long and that will get old!

Scheduled Mobile Homes

American Modern Home writes a policy for **Scheduled Mobile Homes**. They can all be in one location or at different locations. What a benefit for an individual or company that has multiple rental mobile homes. They no longer have to write a separate policy on each

unit with billings coming up throughout the year. They can write one policy and add or delete units as they are bought or sold - all done by endorsement. The coverage is **Comprehensive** or **Broad Form**. This is a policy that is rated by the company, so call if you'd like the supplemental apps.

Family Resorts

A lot of families like to stay at resorts that have a variety of activities for all age groups. United Fire has a program that provides coverage for small to mid-sized family or fishing resort for **Commercial Property, General Liability** and **Inland Marine** coverages. The rates are based on units, not receipts, so there would be no audit at the end of the year. Optional coverages include **Golf Courses, Boat Rental, Restaurants, Bike Rental, Camp Grounds, Fishing Guide Service** and more. You can even write coverage for the homeowner that uses the resort as their primary residence for Personal Property and Personal Liability. Call us for more information.

Special Event Accident/Sickness Insurance

Does your town have an annual **festival** or **barbecue**? Does your Chamber of Commerce sponsor a **parade**, **picnic** or **dance**? How about a **family reunion**, **fashion show** or **golf outing**? Is your school planning a **prom** or **fund-raising drive**? We can provide **AD&D** and **Medical** for these events and many more through Nationwide Life. Call us and see if your upcoming event would fit into our Special Event Accident/Sickness program.

Product of the Month

The product of the month for April is **Special Event Accident/Sickness Insurance**. With all of the spring events coming up, there will be lots for you to choose from. For each of these policies that you write through the end of the month, you will receive an **additional \$10**.

Thanks for reading!
