Well, I think, at long last, spring might finally be here. Notice my hesitation to make this rash statement, I don't want to jinx anything or have Mother Nature reconsider. The grass is getting greener, the trees are budding, and we have seen robins for over a month. We just might be able to say that we hardy Nebraskans have made it through another winter. We wish you all a very happy Easter!

## BUSINESS OWNER INSURANCE

United Fire is introducing a new and improved program for business owners called **PremierPro**. This new program, based on the ISO Business Owners Program (BOP), will combine broad **Property, Liability, Crime**

and **Equipment Breakdown** protection with a bunch of optional coverages. The PremierPro program will **include** coverages such as **Employee Dishonesty, Data Processing - On and Off Premises, False Pretense, Money and Securities, and Managers or Lessors of Premises as Additional Insureds** and provide higher limits for many coverages written on the standard ISO BOP policy. All current PCUS policies will be re-written to the new PremierPro program at renewal starting June 1st.

## COLLECTOR VEHICLES

American Modern Home has expanded their **Collector Vehicle** program. It now includes **Antique, Exotic, Classic, Kit and Muscle Cars** along with **Custom and Classic Motorcycles**. You can also write **Collectible Farm Equipment, Military Vehicles and Fire Engines**. The program will also cover **Tow Behind and Vehicle Transport Trailers, Race Vehicles and Collector Vehicles** kept but not registered for road use. **Liability** limits up to **\$500,000/1,000,000**, an **unlimited milage plan** and **spare parts** up to

\$2,000 are available. **Trip interruption** coverage and even your **pets** are included coverages. These will be rated, quoted and issued on-line through ModernLINK just like the rest of American Modern's product line, so call me for an updated password if you have not been on the site for a while, or, as always, I can quote it for you.

## TRAVEL ACCIDENT INSURANCE

This is the time of year that people are looking at taking vacations. Nationwide still writes a great stand-alone **Travel Accident** policy. The policy is for **Applicant only, Applicant & Spouse, Applicant, Spouse & Children** or **Applicant & Children**. The coverage is for \$200,000 Air Fare with \$100,000 Other Covered Travel and provides **Accidental Death and Dismemberment** for **Specific Loss Benefits** for an entire year for as little as \$60.00. It would apply while the insured is on a **plane, bus, ocean liner, subway, cab or train**, or while **driving or riding in a private passenger auto** or as a **pedestrian** and is struck by a motor vehicle on the public hiway. As you can see, this is a great all-around policy that would provide your clients with quite a bit of coverage for a year, all on a simple, one page application. Give me a call and I'll e-mail or send one to you.

## PRODUCT OF THE MONTH

**Collector Vehicles** are the product of the month for April. For each **Collector Vehicle** policy that you write through the end of the month, you will receive an **additional \$10**.

Thanks for reading!
