August 2014 Vol 7, Issue 8

We really enjoyed the weather in July. We had the heat that summer lovers like so they can go to the pool or lake, and we had some cooler days and nights that broke up the normal oppressive heat and humidity that usually sits on top of Nebraska in July. Of course, right after the cooler days we had some really hot days, and those were when we had ball games or other outside activities to swelter through. It's hard to believe that school will be starting within the next couple of weeks. We just have to get through August, September usually starts the cooler weather and we know we made it through another summer.

## IMPLEMENT SALES AND RENTAL

United Fire has introduced a new program for Equipment Sales and Rental businesses. The program is also for a company that services agricultural, lawn and garden, industrial, construction or material handling equipment. The package offers coverage for the Building, Business Personal Property, Business Income, Inland Marine, General Liability, Business Auto, and Workers Comp. The Sales and Rental covers equipment held for sale, leased or rented to others, being repaired or serviced both on and off premises, and inside stock and inventory for parts. United offers extra coverages in their Ultra Property Plus endorsement that provides Business Income over both the Inland Marine and Commercial Property locations, Guaranteed Asset Protection that covers the amount on a loan for the difference between the asset value and amount covered by the insurance policy, even some coverage for onboard software like GPS systems. Many other coverages are also offered in this new program.

## TENANT MOBILE HOME POLICY

We write a lot of rental manufactured home policies, but did you know that American Modern Home will also write coverage for the tenant that rents the home? This is a great little policy to provide Named Perils including Burglary coverage for the tenant's personal property. Personal Liability and Medical, and Personal Property Replacement Cost are optional coverages. This is an easy policy to rate in ModernLink in the Manufactured Home program, or call me and I'll rate it for you.

## SPORTS ACCIDENT

School is starting soon, and so will youth football. Nationwide offers a policy for flag, tag and touch football as well as tackle. The coverage is for death and specific loss, and primary or excess medical. Players, managers, coaches and cheerleaders are covered during games, practices, travel to or from games and practices, fundraising drives, concession stand operations and care of the field. The app and rates are found on our website. Call me with any questions.

## PRODUCT OF THE MONTH

Sports Accident Insurance is the product of the month for August. For each Trip Cancellation policy that you write through the end of the month you will receive an additional \$10.00!
