

Wow, it's March, it will officially be Spring in 20 days, and Easter is just around the corner! This has been one of the easiest winters weather-wise in many years. We quoted a couple of snow removal risks that we didn't write, but there were a couple of outside contractors that wouldn't have been able to work in a regular winter that we did write. Lawn service risks and people wanting motorcycle insurance will be coming in earlier than normal.

CAR WASHES

Not sure if your car looks like mine, but mine is a mess with the latest round of snow, salt and rain. We can write car washes with United Fire. They will write both the larger operations including Products and Completed Ops, and self service facilities. In some of the manned businesses, we can write the Work Comp if they have had it in place for a while. If you'd like a quote, just submit Acord apps. They can be found on our website and are fillable to make it easy for you.

GEODESIC - DOME HOMES

In talking with my American Modern Home underwriter, I found out they will write Geodesic or Dome homes. Wow, this is new! Not sure how many there are in Nebraska, but I know that not a lot of standard markets will write them. You can write them in the DP-1 program or in the Seasonal program if they are a secondary home. All of the regular coverages such as Personal Liability and Medical, Additional Living Expense, Identity Recovery, Other Structures, Residence Burglary and V&MM are available. The settlement option is Full Repair Cost. These are rated and issued on-line in Modern Link. If your agency is not already set up to work in Modern Link, just give me a call. It is very easy and you will have access to all of American Modern Home's lines just by going to our website and clicking on the American Modern logo.

NEW RLI PERSONAL UMBRELLA APPS

RLI has changed their Personal Umbrella app. The new app was effective 1/1/12 and can be found on our web site-hey, it's even fillable and the rates haven't changed! Please request a supply of the new apps and destroy all of your old ones as the company will no longer accept them. Please also note that all new risks require an agency check when submitted instead of an applicant's check. The renewals are then direct billed to the insured. If you ever want to have us run a quote for you in the system, just e-mail us an app or call Monica and she can enter it and give you a formal quote to present to your client.
