SEPTEMBER 2013 Vol 6, Issue 9

I can't believe how fast this summer has gone! Can you believe it is already September? School is back in session, the first Husker game of the season is in the books, and ALL of us are looking forward to some cooler weather. Just think, 4 months from today is New Year's Day in the heart of winter!! When you think of it that way, the hot weather doesn't seem so bad...NOT! The last weeks of August were so hot. My yard is crispy and brown. I did find a frog in our "pond" in the back yard last week. How it got there in all this heat I'll never know. I can't picture him hopping along on the toasty sidewalk until he found our little oasis, but it is good to have him.

CHILD CARE CENTERS

One of the products that we have been unable to write for many years is Child Care Centers. We can now write them through Thomco. The policy provides Liability which includes the teachers as additional insureds, coverage for Cyber Liability and lots more.

Corporal Punishment and Med Pay for children is available. Coverage can also be written on the Property which includes coverage for playground equipment, fences and signs. Business Income, Spoilage, Equipment Breakdown, and Employee Theft are also available. Auto coverage can be added, as well as Sexual Abuse Liability, Student Accident and Umbrella coverage. You can sell your clients a full package policy with all the bells and whistles to provide coverage for this type of business. The fillable app is on our website or give me a call and I can send it to you.

JETSKIS

Because it is near the end of the watersport season, there are a lot of sales out there on new and used Jet Skis. American Modern Home has a great program for personal watercraft. Your clients can have Liability only or a package policy. The physical damage coverage protects the watercraft against damage or theft based on market value. Medical Payments are included on every policy. JetSport Advantage endorsements can be added to provide Uninsured Watercraft, Non-Owned Watercraft Liability, Personal Effects, and Emergency Assistance and Towing. Coverage can also be added for trailers,

and to add coverage for clients that like to waterski. Discounts offered include Ownership, Multi unit, and Claim Free at renewal.

LAUNDROMATS

United Fire will write Laundromats and Dry Cleaners. Every town has them, we all have used them sometime. You can write the general liability, including Products and Completed Ops, as well as the property. We can write self-service or owner operated businesses. The company can also take a look at the Commercial Auto if the drivers all have good records. The liability rate is per sales, and all we need are Acord apps to quote. Most of the Acord apps on our website are fillable, just complete them, print them and fax them off to us.

PRODUCT OF THE MONTH

Jet Skis are the product of the month for September. For each Jet Ski policy that you write through the end of the month that is effective this month, you will receive an additional \$10.00.
